LOVE TO RIDE

Let's ride!

The 2019 National Bike Challenge is a nationwide event that unites thousands of new and existing riders across the country in a fun and friendly competition to celebrate, encourage biking and foster a bike-friendly culture.

Over 5 months and two month-long challenges, individuals, teams, businesses and communities can sign up to ride and compete for prize and leaderboard positions.

It's quick and easy to sign up and you don't need to have experience riding a bike. You can achieve your own goals or follow the monthly leaderboards to see how your team/community/state is doing locally and nationally.
